

Prima Wawona Peach Recall

To: All Customers

Date: 08-22-20

From: Stern Produce Company

Precautionary Product Recall for possible Salmonella contamination in Peaches

Our supplier, Prima Wawona has notified us of a potential problem with the Peaches they have distributed from June 1st through August 3rd. The peaches can possibly be contaminated with Salmonella. As a precautionary measure, Wawona has requested the removal of this product from sale.

Stern Produce is responding and cooperating with Wawona to conduct this product recall. Your cooperation is greatly appreciated. We will be calling you to pick up all of the said product delivered to you.

The following products are affected by this recall:

- Item #2836 Peach, Yellow Tray Pack (lots 36834401, 36846402)
- Item #2838 Peach, Yellow 64-72ct (lots 36736701, 36747401, 36756202, 36772802, 36834402, 36846403, 36871003)
- Item #4663 Pack, Juice Smoothie (lots X0086420, X0086922, X0087410)
- Item #2781 Pack, Summer Snack (lots 0082822)

At Stern Produce, we feel that one of our primary missions is to provide our customers, and yours, the best and most wholesome products available. At times, situations arise that are beyond our control.

Thank you for your cooperation in this matter.

Wesley Walker
